### Executive Summary - *Whakaraapopototanga matua*

- The Hamilton City Traffic Bylaw 2015 sets out the requirements for transport related activities within the road reserve. A Council resolution is required to make changes to any of these restrictions.
- The changes proposed for approval in this report to be considered are:
  - parking restriction changes including No Stopping, bus stops and time limits
- Changes are recommended to improve safety and accessibility which may have been identified by residents, businesses or staff.
- Consultation has been completed for all proposed changes and there is support for these.

7. Staff consider that the decisions in this report have low significance and that the recommendations comply with the Council's legal requirements.

### Background - *Kooreo whaimaarama*

8. The Hamilton City Traffic Bylaw 2015 (the Traffic Bylaw) sets out the requirements for a variety of restrictions within the road reserve including:
  - parking;
  - general control of vehicular or other traffic e.g. banning of turns, installation of No Stopping restrictions;
  - creation of cycle lanes; and
  - establishment of specific parking zones such as bus stops, taxi stands, loading zones.
9. A Committee resolution is required to make changes to any of these restrictions.
10. Regular changes to traffic restrictions (including parking controls) are required throughout the city – often in response to requests from the general public or businesses in regard to safety or accessibility concerns.
11. Opportunities for improvement are also identified by staff when considering changes in parking use patterns, or changes made to the built environment e.g. developments or discretionary transport projects.

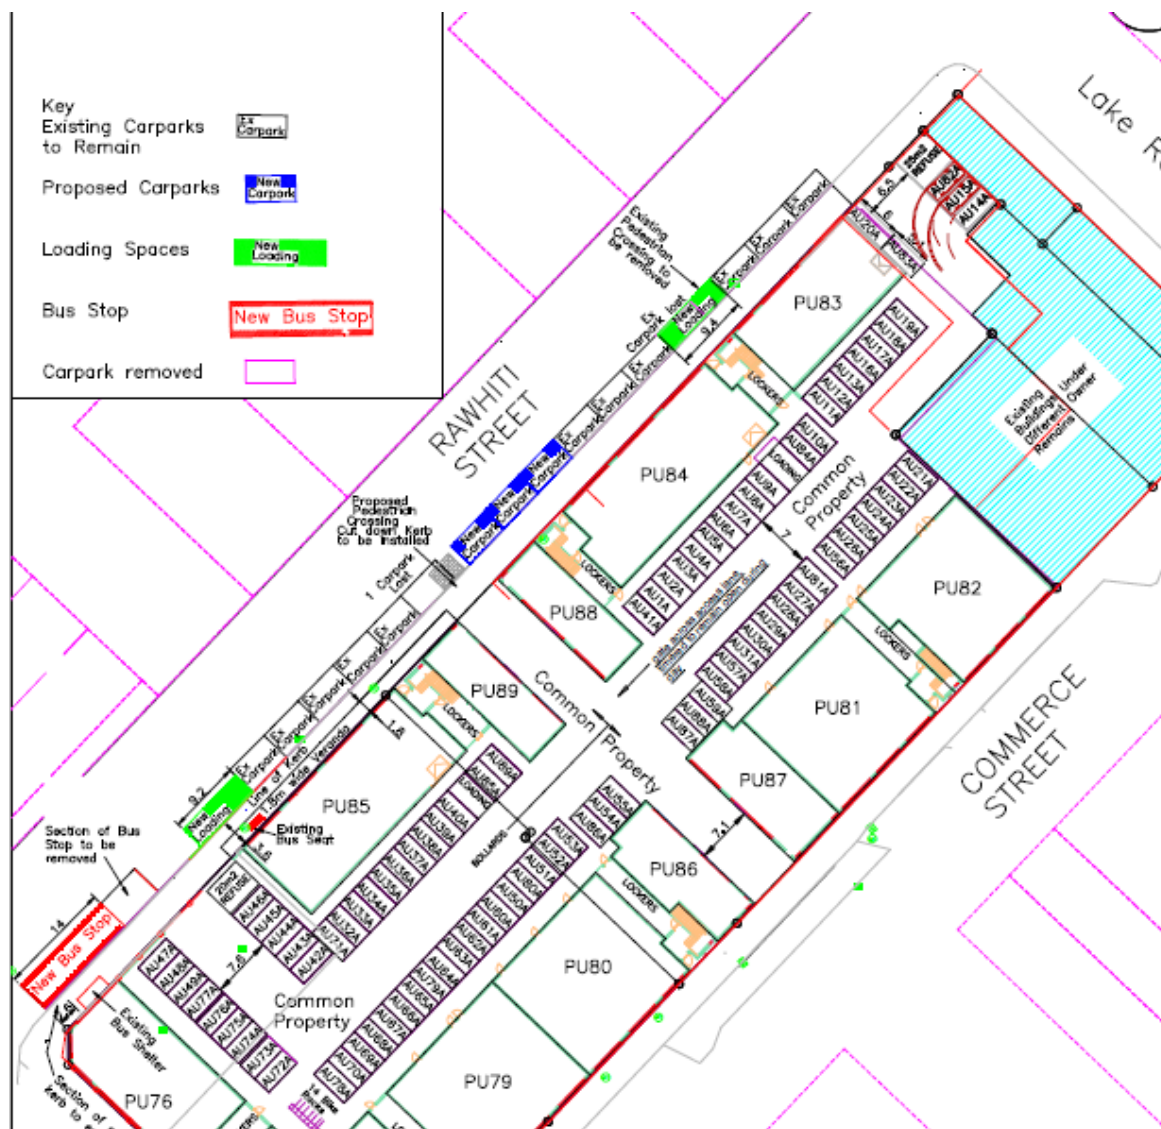

### Parking Restriction Changes

12. Several changes are proposed to parking restrictions throughout the city and the details of each of these are illustrated for each site in **Attachment 1**, with a list of all proposed changes included in **Attachment 2**.
13. Consultation with adjacent property owners, occupiers and any other affected parties has been undertaken for each of the proposed changes. The feedback received was positive and supportive of the proposed changes.

### Rawhiti Street Development

14. Changes to parking restrictions are proposed on Rawhiti Street to accommodate changes to entry points included in the proposed development.

15. An overview plan of the proposed changes in shown in Figure 1 below:

**Figure 1: Overview of proposed parking restriction changes on Rawhiti Street**

16. The changes proposed result in:

- no overall change to the number of carparks (14)
- relocation of a pedestrian crossing point to line up with the new development accessway and the bus stop opposite.
- creation of two new loading zones (P10 Mon-Sun 8am-6pm') of 9.2m and 9.4m. There are currently no Loading Zones in Rawhiti Street.
- a minor shift in the bus stop location (slightly closer to Kent Street) to enable the existing infrastructure (accessible kerbs and bus shelter) to continue to be used with a small additional length of accessible kerb.

17. Consultation on the proposed change to the bus stop has been undertaken with Waikato Regional Council and they are in support of this option.

### **Financial Considerations - *Whaiwhakaaro Puutea***

18. Funding for the implementation of the proposed changes is included in the 2019/20 City Transportation Operations and Parking Activity budgets.
19. Changes associated with the Rawhiti Precinct development will be paid for by the developer.

### **Legal and Policy Considerations - *Whaiwhakaaro-aa-ture***

20. Staff confirm that the staff recommendation complies with the Council's legal and policy requirements.

### **Wellbeing Considerations - *Whaiwhakaaro-aa-oranga tonutanga***

21. The purpose of Local Government changed on the 14 May 2019 to include promotion of the social, economic, environmental and cultural wellbeing of communities in the present and for the future ('the 4 Wellbeings').
22. The subject matter of this report has been evaluated in terms of the 4 Wellbeings during the process of developing this report.
23. The recommendations set out in this report are consistent with that purpose.

#### **Social**

24. The recommendations included in this report helps the community achieve their goals by ensuring their safety and ability to access key facilities such as education, health and employment.

#### **Economic**

25. The recommendations included in this report enable businesses to operate efficiently by ensuring safe access to their properties.

#### **Environmental**

26. There are no known environmental considerations associated with this matter.

#### **Cultural**

27. There are no known cultural considerations associated with this matter.

### **Risks - *Tuuraru***

28. There are no known risks associated with the decisions required for this matter.
29. There are safety and accessibility risks associated with not approving the recommendations in this report.

### **Significance & Engagement Policy - *Kaupapa here whakahira/anganui***

#### **Significance**

30. Staff considered the following factors under the Significance and Engagement Policy:
  - The form of engagement used in the past for similar proposals and decisions.
31. Based on these factors, staff have assessed that the recommendations have low significance.

#### **Engagement**

32. Community views and preferences are already known to the Council through the consultation that has been undertaken prior to the preparation of this report.
