Many thanks, further if possible the separation of what was capex and opex and further if its in scope future spending - which will be captured in the new 10 year plan

Subject: Hamilton Gardens investment

Kia ora

Given HCC is seeking a financial return from part of the Hamilton Gardens (which I support) it would be helpful to know just how much hcc has invested in the gardens over the last few decades. So my question is as far as reasonably possible, how much has ratepayers/hcc (and you have separate philanthropic contributions also although tagged separately) paid and contributed to the gardens since they were first commissioned decades ago.

Many thanks
