Subject: OIA request escooter footpath safety

Hello

Can you provide the below information regarding Hamilton Council's decision to allow escooter operators to keep operating in Hamilton.

- A list of any accidents in the year 2021 and any corresponding investigations
- Correspondence to and from existing and prospective escooter providers in the year 2021
- All permit applications / Operational Plans from existing and prospective escooter operators for a license to operate in Hamilton this year
- Any internal reports or correspondence regarding the submissions

We understand that some of this will be redacted as to protect confidential or commercially sensitive information. We do not want any personal details or council staff details but are particularly interested in pedestrian and footpath safety and the impact of escooters. As the services from the operators are to the public they should not be confidential generally.

Thanks,

[REDACTED]
