**Attachments:** LGOIMA Request CCTV Information.xlsx

Kia Ora,

I refer to your **information request below**, Hamilton City Council is able to provide the following response.

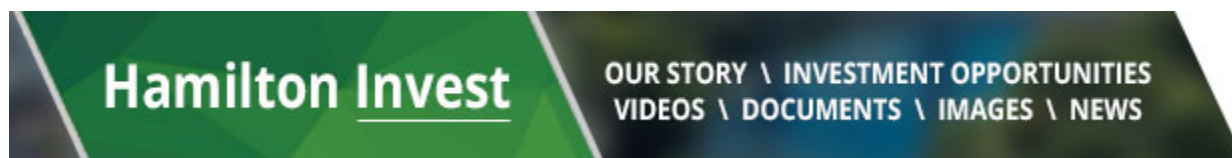

Your Requests	Our Responses
1. A list of all CCTV cameras owned OR operated by the Hamilton City Council, or any Council Controlled Organisations (CCO's)	<p>Hamilton City Council operates 514 CCTV or security cameras. This is made up of 159 public facing cameras and 355 CCTV cameras in Council facilities.</p> <p>Attached to this response is a spreadsheet that lists the CCTV cameras owned and operated by Hamilton City Council, including locations, of CCTV cameras that are used to surveil outdoor public spaces.</p> <p>Council monitors 28 cameras which are owned by Waka Kotahi New Zealand Transport Agency. These cameras are identified in orange in the spreadsheet referred to in Response 2 above.</p> <p>The footage from these cameras can be publicly accessed via the NZTA website to assist with journey planning.</p>
2. A list of all CCTV cameras operated by City Safe.	City Safe is a unit / team within Hamilton City Council. Therefore, the list above is the same for this request.
3. A list of all cameras used for Automatic Number Plate Recognition (ANPR) within Hamilton	There is <b>one</b> City Transport vehicle which is fitted with a camera capable of licence plate recognition. This vehicle is used for completing parking surveys (a survey used to determine how "full" street parking is) on behalf of Council.
4. A list of all cameras used by traffic enforcement e.g. red light, or speed cameras within Hamilton.	The purpose of the cameras is determined by the headings on the spreadsheet. Unless identified as being Transport cameras, all other cameras are for the purposes of enhancing security and safety in the city. Transport cameras provided by Waka Kotahi New Zealand are shown in orange.
5. If possible, the brand & type of camera at each location. (e.g. Axis PTZ 360)	Please find requested information in Attached document.
