Kia Ora,

I refer to your **information request below**, Hamilton City Council is able to provide the following response.

Your Request:

Please provide all information requested in relation to the Peacocke River Bridge and Northern Arterials Construction Project throughout the lifecycle of the project.

Information Requested:

- Latest approved Business Case
- Investment Decision Document
- The most recent document that captures the governance decision to proceed with this project. Typically, cabinet papers, board papers or governance papers
- Project Assurance Plan

Our Response:

The Housing Infrastructure Fund (HIF) application comprising the HIF Detailed Business Case (DBC) of which the Peacocke Waikato river Bridge is a key strategic component, was approved in December 2017. This information is publically available [here](#).

The HIF Facility Agreement was subsequently entered into – see [here](#). This is the contract with Government to deliver the works in Peacocke. Together these provide you the investment decision (application submission) and subsequently decision to proceed.

Within the HIF Detailed Business Case you will find the project planning specifics along with an assurance planning.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Kind Regards,

Laura | Official Information Coordinator
