Subject: Final Response - LGOIMA 292890 - 7(2)(a) [REDACTED] - I would like to know how much of ratepayers' money has been spent on road humps and cycle lanes

Kia Ora,

I refer to your **information request below**, Hamilton City Council is able to provide the following response.

Your Request:

I would like to know how much of ratepayers' money has been spent when I see roughly one cyclist a week even using them.

Our Response:

From 1 July 2021 to 30 June 2022, the net cost to Council was as follows:

- (a) Raised safety platforms (RSPs, or "humps"): **\$2,195,568**
- (b) Cycle wands and associated road marking in cycle lanes: **\$149,833**

The net costs associated with the project are total costs from inception to build, less the 51% subsidy received from Waka Kotahi NZ Transport Agency (being their contribution to our transport safety improvement projects).
