Kia ora,

We refer to your information request below. Hamilton City Council provides the following response.

Your request:

*hope this message finds you well. **S 7(2)(a)** Waikato University conducting research on the topic of Greenfields and Housing Supply within Hamilton City. I am writing to inquire about the availability of specific data related to housing construction in the Greenfield areas of Hamilton City. Specifically, I am interested in obtaining data on the number of building consents issued for housing construction within these Greenfield areas. Additionally, I am seeking data on the actual number of houses that were constructed in these Greenfield areas from 2013 to 2018. Ideally, I would appreciate it if this data could be broken down on a year-by-year basis from 2013 - 2018. Having access to such detailed information would greatly contribute to my research efforts and help me gain valuable insights into the housing supply dynamics within Hamilton City during this time period.*

Our response:

All up to date growth information can be found in the below link which includes land supply, house supply, housing typology, house price etc [here](#).

The following link contains the specific information. Greenfield can be selected by clicking the Green part in Greenfield and Infill bar chart [here](#).

Therefore we are refusing your request in accordance with S17(d) of LGOIMA – this information is already publicly available.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Ngaa mihi
