---

Kia ora,

We refer to your information request below. Hamilton City Council provides the following response.

Your request:

1. *What is the current grading of the top 40 intersections in the city (a map of plan showing the top 'highest safety priority' 40 intersections)*
2. *Information on how the grading is calculated*
3. *Are the Council aware of any groupings or clusters of intersections in this list that are graded because of common themes eg speeds, mode of users injured or other contributing factors.*

Our response:

1. **What is the current grading of the top 40 intersections in the city (a map of plan showing the top 'highest safety priority' 40 intersections)**

Refer to attachment 1 to committee report Agenda item #7 Transport Projects Macroscopic Approvals, page 64 of the Infrastructure and Transport Committee meeting held on 28 November 2024 which can be found [here](#)

2. **Information on how the grading is calculated**

Refer to paragraphs 32-34 inclusive in committee report Agenda Item #7 Transport Projects Macroscopic Approvals, page 48 of the Infrastructure and Transport Committee meeting held on 28 November 2024 which can be found [here](#).

3. **Are the Council aware of any groupings or clusters of intersections in this list that are graded because of common themes eg speeds, mode of users injured or other contributing factors.**

Themes of crash types have not been analysed for this list of intersections.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

Kia ora [REDACTED]

That would be great. I can confirm this is my request of information to the council.

I hope that is what you were looking for.

Hi [REDACTED] – sorry I haven't got back on this – can I turn this into a formal request and then it will go through the right processes. To hopefully expedite it I think the request is as set out below, if you can confirm via email I can start the process properly.

Can HCC provide information regarding the grading of intersection safety that we referred to at the Transport and Infrastructure Committee on the 28<sup>th</sup> of November specifically:

4. What is the current grading of the top 40 intersections in the city (a map of plan showing the top 'highest safety priority' 40 intersections)
5. Information on how the grading is calculated
6. Are the Council aware of any groupings or clusters of intersections in this list that are graded because of common themes eg speeds, mode of users injured or other contributing factors.

Kia ora,

Is there a list of intersections graded by crash data and their danger? Are there groupings evident in this list?
