---

Kia ora,

We refer to your information request below. Hamilton City Council provides the following response.

**Your request:**

*Would you be able to supply the number of road calming speed humps that have been built on roads within Hamilton City since January 2020 please?*

**Our response:**

Speed humps are not something that Council singles out in our data for all projects or asset management purposes, when a raised safety platform is implemented, it is part of a larger project. We do not hold data of only speed bumps.

If there is a specific project that you are wanting further details about, we can provide this, but we do not hold data on speed bumps only.

We have information around some of our projects that have raised safety platforms on our website that you can read here: <https://hamilton.govt.nz/parking-and-transport/roads/road-safety/raised-safety-platforms/> these are all part of our speed management plan which you can read about here: <https://hamilton.govt.nz/parking-and-transport/roads/road-safety/speed-management/>

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

**Subject:** Road calming speed humps OIA request

---

Good evening,

Would you be able to supply the number of road calming speed humps that have been built on roads within Hamilton City since January 2020 please?

Best regards

[REDACTED]
